

1 August 1973

MEMORANDUM FOR: Associate Deputy Director for
Intelligence

SUBJECT : CIA Documents at Cornell College (Iowa)

1. Per your instructions, on 1 August I phoned Mrs. Gail Heiserman, the writer of the attached letter. Mrs. Heiserman had the CIA documents at hand. Her package consists of about 20 of the unclassified OER reports released to universities between 1960-67. They include:

The East German Financial System
(ER 66-28, December 1966)
Foreign Trade of the European Satellites
in 1965: A Statistical Summary
(ER 66-27, November 1966)
Unemployment in the Soviet Union
Fact or Fiction? (ER 66-5,
March 1966)

Mrs. Heiserman stated that none of the documents were marked Confidential, Secret, or Top Secret, and that all of the numbers on all of the documents suggested the same series; i.e., that is, ER, two numbers, a month and year.

2. I then told Mrs. Heiserman that she could do with the documents whatever seemed useful to her college library. I thanked her for her interest and cooperation and described how she could contact DocEx of the Library of Congress if she was interested in acquiring current unclassified Agency publications.

Mrs. Heiserman thanked me for the prompt response and asked several questions about DocEx.

3. I consider the matter closed and note that Mrs. Heiserman sounds like a very pleasant person if a future contact at Cornell College would be useful.
