OFFICE OF THE DIRECTOR

	Action Memorandum No.
	Date
	18 June 1964
:	Domitina Diamantana (C
	Deputy Director/Support
DICT	
BJECT :	Sidavelle Popilision in Tour
ERENCE:	Sidewalk Facilities in Front of Building
ould be k rupni:	1. I am concerned about the safety factors involved in the our personnel that walk both from their cars and during the in front of the building on the south side. It seems to me that worth the cost from the point of view of safety to put in a side-ing from the front entrance of the building along the west side
vould be k runnii	our personnel that walk both from their cars and during the in front of the building on the south side. It seems to me that worth the cost from the point of view of safety to put in a side- ng from the front entrance of the building along the west side; driveway to the southeast entrance, and possibly to the west.
vould be k runnii the front	our personnel that walk both from their cars and during the in front of the building on the south side. It seems to me that worth the cost from the point of view of safety to put in a side- ng from the front entrance of the building along the west side; driveway to the southeast entrance, and possibly to the west.
