MEMORANDUM FOR: The Secretary of State
The Secretary of Defense
The Attorney General
The Director of Central Intelligence ✓

SUBJECT: Measures for Strengthening the Counter-intelligence Posture of the United States

Reference is made to the two memoranda from the Director of Central Intelligence dated August 5, 1964, in response to my June 17 request for reports concerning certain recommendations which were made on the subject by the President's Foreign Intelligence Advisory Board on November 22, 1963, following its review of the Dunlap espionage case:

- (1) memorandum enclosing the report of the United States Intelligence Board on implementing actions taken with respect to Recommendations 4, 6, 7, 9, 10, 12, 13 and 21 of the President's Board; and a report on actions pursued by the U. S. intelligence community, in lieu of establishment of the interdepartmental mechanism proposed in Recommendation No. 11 of the President's Board, to assure adequate measures to provide guidance, coordination and exchange of information among U. S. agencies in the counterintelligence field; and
- (2) memorandum presenting the joint report of the Department of State and the Director of Central Intelligence with respect to Recommendations 14 through 17 of the President's Board.

The two memoranda are being referred to the President's Foreign Intelligence Advisory Board for consideration in the course of its continuing review of foreign intelligence and related activities of the United States.

Noting the reported status of actions being taken to meet the objectives of recommendations which the Board has made in this important area it is requested that the Director of Central Intelligence, in consultation with member agencies of the United States Intelligence Board, continue to place priority emphasis upon counterintelligence programs and procedures to protect sensitive intelligence data, sources and methods against espionage penetration attempts on the part of hostile intelligence organizations.
