The Honorable Bill D. Moyers
Special Assistant to the President
The White House

Dear Bill:

In line with your request of last Thursday, I am forwarding our preliminary analysis of the effects of the recent bombing of petroleum storage terminals in North Vietnam.

Please note that the analysis of damage through 2 July is based on our own evaluation of the photography. The estimates of bomb damage subsequent to that date rely on field readout of photography and pilot reports.

Sincerely,

/s/ Richard Helms
