MEMORANDUM FOR: General Counsel

Larry:

Certain actions were requested by the Office of the Director in recent weeks and, according to our records, have not been fully answered. It is quite possible they have been overtaken or have been satisfied, but to bring our records up to date, I should appreciate a brief word from you on the status of each of the following items.

- a. Arrangements to debrief Senator Robert Kennedy on his Latin American trip.
- b. Efforts to include in the Congressional Record a recent article about CIA by Carl Rowan.
- c. A master plan for Agency relations with Congress during 1966.
- d. An Agency regulation on guidelines for employee conduct.
