ATOMIC ENERGY COMMISSION

WASHINGTON 25, D. C.

March 11, 1957

Honorable Allen Dulles
Director, Central Intelligence Agency
2430 E Street, N. W.
Washington, D. C.

Dear Allen:

I am sending you herewith a copy of the Atomic Energy Commission's Twenty-first Semiannual Report, which was sent to the Congress in January. It covers, within the limits of national security, the major activities of the Commission and its contractors during the last half of 1956. A special section reports on the control of radiation in atomic energy installations.

I hope the report may be of some interest to you.

Sincerely,

A handwritten signature in cursive script that reads "Lewis".
