The Honorable Estes Kefauver  
United States Senate  
Washington 25, D. C.

Dear Estes:

I was deeply appreciative of your letter of November 9, and of your thoughtfulness in writing me.

I can say without qualification that during the more than ten years I have been here at this job of intelligence, one of the most gratifying features of my work has been my relations with the Congress. You and many others have been very understanding of my problems, and while there have been ups and downs in the work, my friends in the Senate, including in particular those on the Appropriations Committee, have been most helpful. It was good of you to write.

Sincerely yours,
