MEMORANDUM FOR: The Director, Net Evaluation

Subcommittee of the National

Security Council

SUBJECT

: Intelligence Requirements of

the NESC

l. Attached are Coordinated Intelligence Assumptions for NESC Project, 1959, submitted in response to your request of 6 March 1959. These Assumptions were concurred in by the United States Intelligence Board on 12 May 1959, with the exception of the Assistant Director, Federal Bureau of Investigation who abstained, the subject being outside of his jurisdiction.

2. The USIB recognizes that for its purposes the NESC requires quite specific, unequivocal assumptions, and every effort has been made to provide them. Your attention is invited to the qualifications and caveats set forth in the Foreword. In view of these qualifications and caveats, as well as the special-purpose requirement to be met by the Geordinated intelligence Assumptions, it is requested that these materials be given limited distribution.
