Dear Bunky:

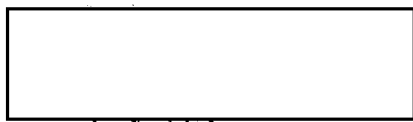

I was indeed sorry to learn from your letter of 1 September 1955 that you must dispense with the schedule of motion picture productions for us. However, I can readily appreciate your position and certainly do not feel that you have in any way let us down.

As a matter of fact, I would like to express to you our sincere thanks for the excellent productions which you have already made and only regret that your fine services are no longer available.

If the need arises, we shall be only too pleased to accept your kind offer of assistance.

Best personal regards.

Sincerely,

**SIGNED
