

DAILY LOG

Office of the Deputy Director

Date 27 June 1963

25X1

1. [redacted] called on Wednesday, the 25th, to say that the black operation he discussed with you last week has been coordinated, cleared by Messrs. Gilpatric and Alexis Johnson, is back on track and is moving ahead.

2. ONE Memo to DCI on "Possible Soviet Reactions to US Disarmament proposals" related to the preparation of new US proposals directed by NSAM 239. (ER 4944)

3. ONE memo on "Situation and Short-Term Prospects in Southern Rhodesia," indicating that racial groups are so lacking in initiative that any accommodation between them will probably have to come from outside the country

4 Scientific Intelligence Digest of 25 June states third Soviet lunar launch attempt in early April reached vicinity of the moon although it appears intended mission was not accomplished because the miss prevented collection of any significant data of the lunar surface.

5. [redacted] 17 June as Art Lundahl's deputy at NPIC.

25X1

6. CIA/DIA study of Soviet ground forces appears to be moving well. Preliminary report will be out by mid-August. (ER 63-5112)
