

2 March 1964

MEMORANDUM FOR THE DIRECTOR

25X1 1. Yesterday I told you that Dr. McMillan had offered to Pat Coyne the services of his Executive Assistant, [redacted] 25X1 [redacted] to be with and assist and make arrangements for the Baker Panel of the President's Board looking into NRO. To our knowledge, this is the first time such an offer has been made or required and we understand it was accepted by Mr. Coyne.

25X1 2. In order to smoke out anything that might be smoldering in the woodpile, I suggest you offer to Dr. Baker the services of a qualified assistant to help his panel -- if he then mentions [redacted] you will have a leg up as to either discussing the advisability of this or getting your own man in also.

[redacted]

25X Marshall S. Carter
Lieutenant General, USA
Deputy Director
