

14 October 1964

MEMORANDUM FOR: Mr. Paul Chretien

I presume the attached letter should be answered by someone and I should think you would be the best bet. In any event, I think the answer should be as follows:

"In response to your request for updating the 1965 Bulletin Almanac, the information is as follows:

The new Federal Executive Salary Act of 1964 recently passed by the Congress establishes the position of Director of Central Intelligence in Grade Level II at a salary of \$30,000.00, and the position of Deputy Director of Central Intelligence at Grade Level III at salary of \$28,500.00."

Regardless of how you word the foregoing I do not think it appropriate to mention either Mr. McCone or me by name but to tie the salary strictly into the title of the position in accordance with the legislation. Whether or not we actually receive that salary (i. e. am I paid as a Lieutenant General or in accordance with the Salary Act) should not be a matter of comment to Mr. Murphy.
