MEMORANDUM FOR: Deputy Director (Intelligence)

1. This is to assign responsibility for the preparation of a review of our collection facilities for Cuba in anticipation of a possible U-2 shutdown. I know that most of the work has been done but I think we must take a new look at the problem in the light of a possible shutdown after the November elections and where do we go from there?
2. I am thinking only of alternate collection facilities such as drones, OXCART, aerial reconnaissance in force, negotiations of on-site inspections, clandestine collections, etc.
3. Responsibility is assigned to you and to coordinate with DD/S&T and DD/P.
