26 September 1966

# MEMORANDUM FOR THE RECORD

Morning Meeting of 26 September 1966

ADD/I reported that Task Force s weekly report was negative. He noted, however, the arrival in North Vietnam of two heavy Soviet transport aircraft, bringing to seven the number of such arrivals since 10 September. He alerted the Director to the fact that the is engaged in contingency planning to relocate should the increasing incidence of terrorism make this necessary.	25X1

DD/S warned that some publicity could result from an FBI investigation involving a GSA disposal officer who had apparently been stealing material under the cover of assigning it to Agency installations. He reported that a broken water pipe in South Building had been repaired and that there was little, if any, apparent damage.

The Director initiated a discussion on the recently published ONE memorandum, The China Tangle, and felt that the continuance of such speculation would prove helpful in arriving at an interpretation.

The Director initiated a discussion on the introduction of Soviet arms and materiel into the war in Vietnam and was assured that this subject was receiving daily attention.
