Director's Meeting

Monday, 23 July 1951

The DCI noted in the log Robert Vogler's request for certain information and stated that he saw no reason why we should give out such information. [redacted] will check this with Colonel Edwards.

Mr. [redacted] again discussed the question of obtaining better aircraft from the Air Force. He stated that Colonel [redacted] was cabling to Germany to see if they could provide two sterilized B-26 within thirty days. The DCI called General Cabell and asked for assistance in obtaining two B-26. He also suggested to General Cabell that if the Air Force were having trouble in obtaining C-54s, the CIA might be able to assist through Mr. Symington.
