c. Noted an article in a recent issue of the Washington Daily News respecting brain-washing and what to do with returned brain-washed members of the military services. After some discussion it was agreed that a brief paper on this subject would be prepared by DD/P which the Director will take up at an early OCB Meeting. Mr. Roosevelt pointed out that we had been in close touch with representatives of the IAC on this matter. Mr. [redacted] reminded the Director he had promised the NSC during his quarterly report on 21 April that he would furnish the Council members further information on brain-washing. The Director said he would at a future NSC meeting advise the members that we had made available appropriate information on this subject to the intelligence community. In connection with the above-referred to OCB paper, the Director asked Mr. [redacted] to insure that a copy is furnished Col. Goodpaster.
