Honorable Harry S. Truman
Independence
Missouri

Dear President Truman:

Your note of May 17 and above all the post-script, "Don't let the knockers bother you" was an immense encouragement to me.

Through our mutual friend,
I have from time to time word of you. If ever you have a moment when you are in Washington that I could pay my respects to you, I would deeply appreciate the opportunity.

STAT

Respectfully yours,

Allen W. Dulles
