Washington 25, D. C.

Dear Mr. Dulles:

Mr. James B. Roark, our Executive Secretary, heard you speak recently in Detroit at the Veterans of Foreign Wars National Convention, and he was so impressed with your speech and its similarity in thought and purpose to our scholarship program, that he asked me to write you and send our publications immediately.

Your name has been added to our permanent mailing list in order that you will receive all our publications.

If you have any inquiries or further requests from us, please do not hesitate to ask.

Thank you for your time and attention to this timely subject.

Yours sincerely,

*Leila H. Roark*

July 1960

Dear Friends:

The following views were written by a student of the University of Arizona, and we felt the thoughts were so timely we would like to share them with you:

"The advantages offered to the recipient of the U.S.S. ARIZONA Memorial Foundation Scholarship are three fold:

"The student is able to obtain a superior education in political science, complete programs being offered at the University of Arizona for both graduate and undergraduate work. The stipend included in the scholarship is sufficient to permit full-time devotion to study without financial worry or the necessity of outside employment.

"An opportunity to study the operation of the political institutions of the United States is afforded, such opportunity ranging from the casual discussion of candidates with other students to the formal observance of state and local government in the state capital.

"With the knowledge gained in classroom study and the practical experience obtained by living and participating in a 'working democracy', the student will be well-equipped to aid his country both as a citizen and by taking an active part in the government itself.

"The conclusions made by the student during his period of study, and the diversity of viewpoints revealed to him, should further prepare him to maintain an objective, well-balanced attitude toward the various economic and political systems of the world."

We hope that you, too, feel that these advantages are so vital that you will wish to be a part of this program, and through dedication and participation, join us in this concentrated effort of "Peace Through Education." Your substantial participation will be sincerely appreciated.

We invite your attention to Article V of the Governing Policies of the U.S.S. ARIZONA Memorial Foundation. All monies received from the membership rolls will be used in the scholarship program and its administration.

Yours sincerely,

James B. Roark

Executive Secretary

**AMERICA IN 1978**

Some years ago, a "time-table" of an influential Communist leader was disclosed in which we read: "1960, all Asia Communistic; 1964 all Europe; 1978, all America and thereby all the world." (Note - are they on schedule?)

This is fundamentally not a new idea, but the old statement of Lenin: "The road to Paris is through Asia." This plan does not necessarily imply war; but if the western people (the "capitalists and imperialists") are not wise and determined, the Kremlin in alliance with Peking can achieve these goals, step by step, virtually unnoticed. Its tactic is not the stupid "all or nothing" but shrewd "always a bit forward towards the inevitable goal of Communist world domination."

\* \* \*

**MISSIONS AND CHRISTIAN WORKERS**

Are You aware that a door may be closing to missions and the teachings of Christ now, all over the world, before YOUR eyes? Yes, it is so! And if this door is closed, His light will not be seen and all people will again walk in darkness. Can you, a Christian, conceive of what this may mean to the word of God?

This, is the "Space Age," the age of Science and mathematics and for one to teach only the Bible is no guarantee of power or vision. As Paul says in Ephesian 4:20: "you have not so learned Christ."

In the Communist education system we find this concept of what is permitted. The Soviet decrees that state education prohibits the teaching of scripture in any school and forbids the observance of religious ceremonies or holidays. Leaders of Communist Party youth organizations work actively to indoctrinate young people in the aims and ideals of the Party. The latter disapproves of the traditional role of the Church in the Western world.

American Dr. Frank Laubach, internationally known missionary educator says: "Americans should 'practice what they preach' or lose out to the Communists."

These thoughts should be very soul-shaking to Christians and free peoples everywhere - - for only as such can we act now to keep the door open. Not just by speaking out for Christ, but through education and understanding in the science of government, the door will be ever widened. The truth shall make it known by showing more concern for all that encompasses our fellow human beings, more faith in God and more recourse to prayer. Then may we have peace.

If we do not now follow these paths today, tomorrow may be too late and we may find the enemy is already in our camp both here and abroad. Not by war, but by accomplishing that which we have not taken the time to bother with because we were too busy "preaching" and did not "practice" that which we preached. Communism lives next door to you now. Will you allow it to take over your house and God's?

By sharing in this educational program, you will be sharing in His teachings and supporting your own missions throughout the world of free peoples, and will then truly be a part of the world family under God. May we paraphrase these words of His from the last supper: "You and I will work together." Remember, without this great United States and free peoples everywhere, the door will close!

Religion Center  
Texas Christian University

**"OPERATION LIFE"**

Today life and the world stand in peril of two terrifying dangers: that of total nuclear war and that of world Bolshevism.

Total nuclear war means nothing less than the total obliteration of the greater part of mankind.

The Bolshevism aim for world domination would not be so vividly apparent, but would encompass every human even more than a bomb.

As Communism, it is not a political or an economical system comparable to others, but a system which wishes to conform the whole man.

One of its most effective methods is the withholding of knowledge of what other peoples think and the kind of life they live from the people over whom they have control.

The Communist state rears every person from kindergarten to university according to its program, which is thought out to the minutest detail. Moreover, this educative process is distinguishable from ours in that through its instruction and training it so shapes and enslaves persons that they actually think and will the way the system thinks and wills. Any other is eliminated.

This Communistic totalitarianism has had the fixed plan since the time of Lenin to subjugate completely the world under its system, without war if possible - - through the excitation of internal unrest, and through the formation of Communist parties whereby it can intervene as the power which comes to help.

In 1931 this came out of Moscow, planned by the Kremlin and has been re-echoed many times. "We will begin by stirring up the most theatrical peace movement that has yet existed. Electrifying proposals and extraordinary concessions will be made on our side. The capitalistic lords, stupid and decadent as they are, will be so inspired as to assist in their own downfall. They will fall into the trap of the proffered opportunity of a new 'friendship.' And as soon as they are deprived of their defensive protection, we will smash them with our clenched fist." (Remember, Korea, Berlin, United Nations, Paris Peace Talk, China, Japan, and now Cuba and others.)

Our only chance to surmount this terrible danger over the life of mankind is through understanding, clarity of vision, firmness of will, alertness, unity and education.

We must deal with dangerous, powerful, and shrewd antagonists. Every concession benefits the power growth of world Communism.

But "Operation Life" will succeed when the free peoples say to this system: I, and above all, my children and grandchildren, will NOT be subjugated. Their divine destiny is at stake as well as their very lives. Be a part of the Task Force for "Operation Life" . . . Now.

June 1960

Dear Friends:

Cognizant of today's world tensions, we have recognized the urgent need for the granting of assistance in educating the future young leaders, diplomats and statesmen, not only from our country, but from all countries now being courted by Communism. Through the U.S.S. ARIZONA MEMORIAL FOUNDATION Scholarship program we are convinced that an understanding of democratic principles as exercised in America and other free countries of the world will contribute to world peace. The FOUNDATION's scholarship program will help to promote understanding of the basic fundamental truths upon which our great country has been founded, as well as an awareness of our civic and spiritual convictions and liberties.

Motivated by this need for better international understanding and relationships, a group of public-minded citizens on December 7, 1959, established the U.S.S. ARIZONA MEMORIAL FOUNDATION. The primary objective of this non-profit, non-sectarian organization is to institute and administer such scholarships and educational funds.

It is indeed the mission of the U.S.S. ARIZONA MEMORIAL FOUNDATION to strengthen and extend the concepts of human freedom to enhance the dignity of the individual, and to be the champion of moral responsibility within the world family of nations.

But these virtues must be coupled with the determination to adhere to our principles of justice and moral law, to the demands of basic human values, to the preservation of our own integrity, the honor of our country, and to our own conscience as free men.

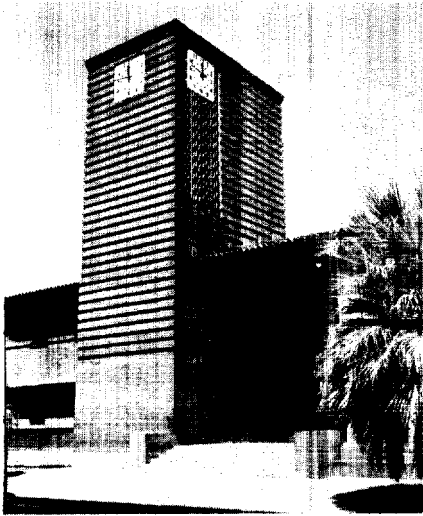

The FOUNDATION is endeavoring to have qualified students enrolled in this program by the Fall semester of 1960. This will only be possible with the assistance of you and others who are able to discern and understand the need for this vast program.

Yours sincerely,

James B. Roark  
Executive Secretary

# - NEWS and VIEWS -

**Student Union Memorial Building  
University of Arizona, Tucson, Arizona**

**RECOMMENDED  
STUDENT  
CURRICULUM  
FOR  
MAJOR  
DEPARTMENT  
OF  
GOVERNMENT**

An under-graduate with a major in the Department of Government will follow the basic courses outlined below:  
English — Government — Foreign Language  
Science — Physical Education — Humanities

The basic requirements for a Masters Degree are the equivalent of the above, plus thirty semester hours more, to include up to eight hours for a thesis. Most of the student's work will be in seminars and courses carrying graduate credits.

Such a curriculum will contribute not only to the students, but also to the knowledge and better understanding among the nations of the world.

\* \* \*

## **"DEDICATED"**

A relentless search for qualified students dedicated to serving their country in a leadership capacity such as statesmen and diplomats will be carried forth in every country now free from the iron hand of the Kremlin. The U.S.S. ARIZONA MEMORIAL FOUNDATION scholarships will also be granted to qualified students from our country.

By making these scholarships available students from all points of the compass will be enrolled in qualified Universities and colleges, and given the opportunity to advance their education in the science of government. This effective method will help to combat the infiltration of all powers desiring to destroy the freedoms and liberties of mankind.

\* \* \*

"I swear, before the alter of God, eternal hostility to every form of tyranny over the mind of men."

Thomas Jefferson

The approximate cost of maintaining a student in a recognized university for one year is:

1. Average yearly student tuition, (Non-resident) **\$1,500.00**
  2. Travel round trip, (destination to residence) **1,250.00**
  3. Miscellaneous expenses:
    - a. Clothing and personal effects (annually) **250.00**
    - b. Study material & equipment ..... **250.00**
- ANNUAL TOTAL ..... \$3,250.00**

## **PROJECTION OF TRENDS IN EDUCATIONAL GROWTH**

The number of college graduates is expected to increase from 6,000,000 in 1950 to 8,000,000 in 1960 and to 11,000,000 in 1970, almost 15,000,000 in 1980.

By comparison, look at the number of graduates who received their B.A. degree in 1958 with majors in Science of Government, a total of about 5,031 men and 1,136 women. Of these, only 164 men and 6 women obtained their PH.D or Doctorate degree.

To further compare a few of the other fields of study, using PH.D's for comparison, we find Mathematics with 247 Doctorates, English and literature with 333, Non-teaching, General Education 436, Counseling and Guidance 458, Chemistry 939, Psychology 572 and History 297.

These are only a few examples. It is very obvious though, from this projection, that as free peoples, we take our government for granted and do not feel the need to further ours or others education in this field. This is the trend which we must now start to change or all the other fields will be lost too, when we cannot fully understand ours and other peoples ways of governing, and can no longer exist together peacefully in this world family of governments.

As it was so aptly expressed by Charles A. Lindberg, we must build a civilization whose leadership rests on the respect and confidence it instills in others, and whose standard of life is the quality of life itself, not power & wealth.

This is why we must act now to stimulate and assist through knowledge and education, to increase the desire and the ability of the leaders of tomorrow, to make this a way of life desired by all free peoples of the world.

"Informed citizens are the guardian and spirit of Democracy."

President Dwight D. Eisenhower

U. S. S. ARIZONA MEMORIAL A REALITY

This Memorial and its plans were accepted and approved by the Secretary of the Navy and the Pacific War Memorial Commission on December 7, 1959. Dedication is planned December 7, 1960.

For 9 years, the Department of the Navy unsuccessfully tried to have a Memorial created for the U. S. S. ARIZONA and those gallant men of the Navy and Marine Corps who lost their lives in Pearl Harbor December 7, 1941.

The Pacific War Memorial Commission, an agency of the Territory and State of Hawaii, submitted to Congress through their representative, a bill authorizing the construction of the U. S. S. Arizona Memorial.

On March 15, 1958, the President signed into law this bill, authorizing the Secretary of the Navy to accept funds for the construction of the Memorial, since it could only become a reality through contributions from the public.

For further particulars concerning the completion date and anticipated dedication ceremony of the Memorial you should contact the Commandant of the Fourteenth Naval District, who is acting as the Sec-

retary of the Navy's representative of the Memorial.

The Memorial will have a small museum, an area for ceremonies and a small chapel for those desiring to hold memorial services. Besides honoring the "silly crew" of 1,102, it will be a living reminder to the peoples of the free world that such an attack of that which sank the "ARIZONA" must never recur.

AT 'EM ARIZONA

After eighteen and one half years of silence, the old "At 'Em Arizona" goes to press again in memory of the historic Battleship "ARIZONA" and the gallant crews that sailed her to far away places.

Muster around - Shipmates - and help us to keep the "At 'Em Arizona" alive in this atomic age. It has been revived for your benefit. As a life member of the U. S. S. Arizona Memorial Foundation, you will receive your copy every month.

In it we will try to revive some of the memories of the days gone by on board the Mighty Arizona and keep you abreast of world conditions today. Begin the checkout for your copy next month! (The first edition since that day of infamy - December 7, 1941). We are sure you will want to receive the "At 'Em Arizona" next month and every month thereafter.

**TOM GOODING TRACING ROUTE OF NATIONWIDE TOUR WITH JAMES B. ROARK, EXECUTIVE SECRETARY**

On February 1, 1960 Mr. Tom Gooding, representing the USS Arizona Memorial Foundation, started on a nationwide goodwill tour, which, when completed, will have covered 103 cities, including 48 state capitals. At each state capital visited, Mr. Gooding is accepting that state flag from the Governor or his representative.

At the time of the flag presentation, each Governor is presented with an authentic model of the USS ARIZONA as a thank you from the USS Arizona Memorial Foundation. When collected, the flags from 50 states, the Territory of Guam, Puerto Rico, and the Virgin Islands, and the national flags of the Dominion of Canada, and the Republic of the Philippine Islands, will be contributed to the Secretary of the Navy for an Avenue of Flags, to be placed at the landing in Pearl Harbor for the USS Arizona Memorial.

These flags will honor those men entombed in the "ARIZONA", as well as those who lost their lives in Pearl Harbor December 7, 1941. Appropriate plaques will be placed at the base of each flagpole listing the names of those from that state entombed in the U. S. S. Arizona.

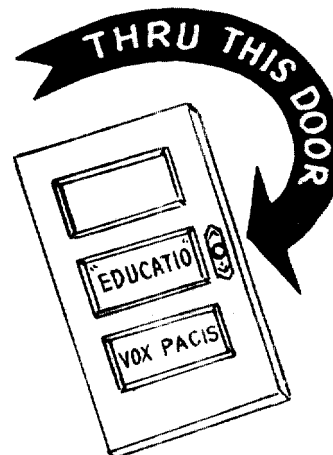

The fervent hope of the USS Arizona Memorial Foundation is that - "THEY SHALL NOT HAVE DIED IN VAIN!"

Your gifts and Foundation will help us achieve a better

understanding of world affairs and help prevent the chaotic destruction of all peoples.

**DON'T DELAY - SEND TODAY!** Fill out the enclosed life membership application for the USS Arizona Memorial Foundation, which was created especially for you.

\*\*\*\*\*

The launching of the U. S. S. Arizona Memorial Foundation has opened a new and wonderful door. Through this door will advance a force so powerful, bullets or bombs will never halt it.

The great need for qualified Statesmen and leaders is even more urgent today than it was at the time of Pearl Harbor - They must have a thorough understanding and strong conviction regarding the inherent and eternal principles of right and wrong. These spiritual principles in the heart and mind of any Statesman will evolve in him a genuine concern for his Country's welfare and a sincere motive for serving his people.

The apparent effectiveness of the Communist policy is in making its bid for the minds and lives of the young leaders of the world, and inviting and making possible their education behind the Iron Curtain.

This, then, is our weapon of Ideas -- Education - not bombs and bullets. And, by guidance, not change, assist those with a sincere desire to serve their country and to help further World Peace through USS Arizona Memorial Foundation scholarships.

\*\*\*\*\*

Address all inquiries to:

USS ARIZONA MEMORIAL FOUNDATION  
Box 147  
Phoenix, Arizona

**DECLARATION**

of

**PURPOSE and CODE of ETHICS**

December 7, 1959, the U.S.S. ARIZONA MEMORIAL FOUNDATION was incorporated under the Arizona Corporation Commission as a non-profit organization, dedicated to the basic principles as set forth in our Declaration of Independence.

Its purpose is, in cooperation with existing efforts, to establish and maintain a perpetual U.S.S. ARIZONA MEMORIAL FOUNDATION.

And, further to administer scholarships and educational funds for the promotion of better relations in international affairs among the peoples of the world.

And, further to assist those engaged in the establishment of World Peace by means other than violence.

And, further to commemorate the history and perpetuate the memory of the U.S.S. ARIZONA and her gallant crew; to collect and preserve data, information, artifacts, documents, objects and property pertaining to the history of the U.S.S. ARIZONA, the disaster of Pearl Harbor and other related events, working in close relationship with the Department of the Navy of the United States of America.

**ARTICLE I**

**Section 1. EDUCATION**

The importance of Education can never be over-emphasized. The existing facts point up these truths:

1. That a better understanding is created through education.
2. Informed peoples are not nearly so susceptible to fears, suspicions, hatred, etc.
3. False opinions are created as a result of half-truths and misrepresentations.

The Scholarship program of the U.S.S. ARIZONA MEMORIAL FOUNDATION is of vital importance and will have a lasting effect on the peoples of the world. Inasmuch as it is recognized that we, along with other free peoples, are engaged in a desperate struggle between two directly opposite philosophies; viz.,

1. Democracy - explained so wisely by the forefathers of America. "That all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness." and.
2. Communism: an ideology expressed by one of the founders of Communism, Karl Marx, theorized that, "Religion is the opiate of the people." He also

is committed in the interest of world revolution, and the over-turning of the capitalistic society of the West becomes virtue, and stated that "the end justifies the means."

To further a better understanding among the peoples of the world, the U.S.S. ARIZONA MEMORIAL FOUNDATION purposes to obtain necessary funds for scholarships to advance the education of qualified persons dedicated to serving their country in a leadership capacity, and whose primary concern is the betterment of their own peoples as well as to perpetuate better relationships among all peoples.

**Section 2. OBJECTIVES**

The U.S.S. ARIZONA MEMORIAL FOUNDATION recognized the necessity of an educational program as outlined herein. It is also the firm belief that by making it possible for students enrolled in universities and colleges (not yet enslaved by Communism) to take advantage of this opportunity to advance their education in America, this will be an effective method to combat the infiltration of the Communist ideologies.

The Foundation further accepts the fact that this program will inure a desire to overcome the apparent effectiveness of the Russian policy in making their bid for the minds and lives of young men and women, which is that of inviting the university students of the countries of the world to complete and further their education in the Kremlin universities.

This scholarship program will provide an invaluable impetus to foreign students and instead of returning to his native country a potential Communist, he will return with an understanding of the spiritual concepts which have made America.

**Section 3. SELECTION**

When selecting a student to be brought to the United States to further his training in this great field of "The Department of Governments," the Committee will give the following careful consideration:

1. After close scrutiny, it must be concluded that the student in question has chosen his subject in the Science of his Government with a sincere motive of serving his country and people in some capacity of a Policy Forming Branch of his own country's Government.
2. He must have average scholastic attainment verified by his faculty.
3. He must have reliable recommendations concerning stability and character.
4. He must display a genuine concern for his country's welfare and this desire must be placed above personal ambition.
5. It is imperative that he have a thorough understanding and strong convictions regarding the

universal and eternal principles of right and wrong. 6. He must have reasonably good health, and eagerness to accept this great opportunity to further his education.

**Section 4. DECISION**

The final decision in the selection of a student will rest with the Committee as appointed by the Board of Trustees of the U.S.S. ARIZONA MEMORIAL FOUNDATION. This Committee will use every available means at its disposal to assist in making the decision.

1. Those delegated the responsibility of seeking qualified students for recommendation will work in cooperation with:

- (a) The American Embassy in each country concerned and utilize whatever facilities are available, and will carefully consider its recommendations.
- (b) The faculty and teaching staffs of the university or college in which the student under consideration is currently studying.
- (c) Resident Missionaries having the knowledge and language understanding since such persons can render valuable assistance in the student selection.

**ARTICLE II**

**Section 1. COOPERATION POLICY**

Cooperation in such an enterprise as this may only be achieved and maintained by a loyalty to a common and positive agreement; i.e., we are, as a nation, engaged in conflict with such forces that are endeavoring to destroy our country and all for which we stand.

We must have fellowship, and mutual understanding with all agencies, groups, and departments who are exerting every effort to stem this tide of Marxism.

That all actions should be governed by a spirit of Christian benevolence and not in any way reflecting adversely upon others so engaged.

**Section 2. WE BELIEVE**

It is our rightful heritage and responsibility to proclaim and defend

- FREEDOM OF WORSHIP AND EXPRESSION
- FREEDOM OF SPEECH WITHOUT ABRIDGEMENT
- FREEDOM OF THE PRESS WITHOUT CENSORSHIP
- FREEDOM FROM FEAR

**ARTICLE III**

**Section 1. RESPONSIBILITIES**

The bylaws of this corporation, in accordance with the laws of the State of Arizona, places the responsi-

Approved For Release 2003/07/29 : CIA-RDP80B01676R003700050034-2

bilities of the U.S.S. ARIZONA MEMORIAL FOUNDATION'S administration upon the Board of Trustees and the Executive Staff. Greater still is the responsibility placed by God upon this Foundation.

In the exercising of these responsibilities the Board of Trustees has formulated certain plans, policies and projects, and has consecrated its entire energies toward their realization.

**Section 2. ADVISORY BOARD**

The Advisory Board, which is composed of men having like vision for the furtherance of World Peace by the means of education, provides the inspirational and judicial counsel of the U.S.S. ARIZONA MEMORIAL FOUNDATION. This Board is widely representative, made up from both laymen and professional people who have by reason of experience been invited to serve as advisors.

**Section 3. EXECUTIVE POWERS**

Executive powers must necessarily devolve upon the Board of Trustees whose burden it is to bear the responsibilities of the U.S.S. ARIZONA MEMORIAL FOUNDATION before God and to press forward these responsibilities as vision, wisdom and the spirit of God may direct.

Complete planning charts and pertinent data of proposed projects will be carefully outlined before the Advisory Board in order that all issues, conditions and possibilities may be discussed fully. Careful and deliberate consideration will, and must keynote all discussions and decisions.

**ARTICLE IV**

**Section 1. FINANCIAL POLICY**

Financially, the U.S.S. ARIZONA MEMORIAL FOUNDATION is maintained by the gifts of interested individuals, organizations, institutions, groups and all who believe that education is a powerful weapon.

All gifts, bequests, devises, and endowments will be used for the project in immediate perspective according to the over-all planning of the policies set forth.

Specifically designated funds will be used as requested. Or, if the request cannot be immediately carried out, such funds will be held in a separate trust account until the time is propitious in doing so.

**ARTICLE V**

**Section 1. MEMBERS AND MEMBERSHIP**

Members and membership in this Foundation shall be of four classes as follows:

1. Life members: All survivors, former crew members and dependents (verified by the Navy Department or Records), of the historical Battleship

2. Sustaining members: Sustaining members shall be members for life with the donation of \$500.00 or more to the U.S.S. ARIZONA MEMORIAL FOUNDATION scholarship fund.
3. Active members: Persons who shall pay \$5.00 or more per annum.
4. Honorary members.

All members will be entitled to the full privileges, services and benefits of the Foundation.

**ARTICLE VI**

The U.S.S. ARIZONA MEMORIAL FOUNDATION has dedicated its full time and energies to the establishment of such a program.

## SALUTES 18th Waves Reunion

ARTIST'S SKETCH OF PROPOSED "AVENUE OF FLAGS" FOR THE U.S.S. ARIZONA

### "AVENUE OF FLAGS" PREVIEWED

The 18th National WAVES Reunion and the Statler-Hilton in Dallas will observe the first public showing of the famous "Avenue of Flags" to be erected at Pearl Harbor by the U.S.S. ARIZONA Memorial Foundation of Phoenix, Arizona. This is the first of eight tentative showings throughout the United States prior to arrival at Pearl Harbor.

The complete "Avenue" will consist of our fifty states, the District of Columbia, the territories of Guam, Puerto Rico, and the Virgin Islands, the Dominion of Canada, and the Republic of the Philippines. At the base of each flagpole will be a copper plaque with the names of the men from each state, territory, and country. There are 1,102 men still entombed in the broken hulk of the U.S.S. ARIZONA where she rests in the mud of Pearl Harbor.

Attending the Reunion from the U.S.S. ARIZONA Memorial Foundation will be James B. Roark, Executive Secretary, and C. Thomas Gooding, Jr. Publicity Director.

The idea of the "Avenue of Flags" was conceived by Jim Roark and was carried out by Tom Gooding. Tom toured the continental United States by automobile visiting 78 cities, including the 48 state capitols. He drove 18,889 miles and talked with 30 of the governors and state legislatures personally. The response of the governors, as a whole, was tremendous.

### WAVES

#### "COME OF AGE"

Big "D" had better hold onto their western Stetsons. The 18th National WAVES Reunion explodes with six cylinders July 29-31. The "Coming - of - Age" Round-Up should be a real "gasser." The gal and their guests will do and see everything from a fashion

show at the world-famed Neiman-Marcus to a rodeo in' tootin' real western rodeo with World's Championship Cowboy Jim Shoulders, PLUS a chuck wagon on feed and square dance on the air-conditioned sidewalks of Big Town. Want more? They've got it! A tour of the just-opened Frank Lloyd Wright Theatre Centre, AND an exciting Broadway stage show at the State Fair Musicals, a formal luncheon with a Navy VIP, AND the big SECRET SURPRISE AWARDS DINNER. In other words, the WAVES (Wonderful Waves) will have a "blast" louder than the Atlas and more fun than a three-year-old with a sling-shot in a China Shop.

The U.S.S. ARIZONA Memorial Foundation salutes and sends a sincere "Congratulations!" to all concerned on making the "Coming-of-Age" a memorable experience.

We of the Foundation would like to express our special appreciation to Captain Winifred R. Quick, USN, Assistant Chief of Naval Personnel for Women and her staff, Consisting of CDR Aileen Griffin, USNR-R, and LTJG Vareita Hunt, USN (SC), who are co-chairmen of the Reunion, and to LCDR Virginia B. Montague, USNR-R, for their co-operation

(Continued on back page)

**YOU HAVE A SUCCESSFUL REUNION BECAUSE THEY WORKED SO HARD.**

CHAIRMAN: CDR. Aileen Griffin, USNR-R

CO-CHAIRMAN: LJG. Vareita Hunt, SC, USNR (and WAVE Recruiting Officer for Texas, New Mexico, and Oklahoma.)

REGISTRATION: LCDR. Lucy Cawfield, USNR-R

HOSPITALITY: Bea Kimmey, SKG1, USNR-R

WAYS and MEANS: LT. Dene Niehaus, USNR-R

FIND YOUR FRIENDS: Ruth Roberson, ex-WAVE

PROGRAM COORDINATORS: bzz LCDR. Midgebvz  
LCDR. Midge Gish, USNR-R  
LCDR. Annie Mae Gilbert, USNR-R  
CDR. Bitsy Fogle, SC, USNR-R

DALLAS LUNCHEON: Polly Shepard, ex-YN3

AWARDS DINNER: Bobbie Taylor, ex-YN3

STYLE SHOW: Mary Lou Dean, ex-YN3

BIRTHDAY LUNCHEON: LT. Ana H. Reid, USNR-R

SQUARE DANCE: Elsie Kay, YN1T, USNR-R

Chuck Wagon Feed: LCDR. Estelle Meyers, USNR-R

RODEO: LT. Helen Moss, USNR-R

MEMORIAL SERVICE: LaRue Johnson, ex-LCDR

TREASURER: CDR. Marie Barnes, SC, USNR-R

COMMUNICATIONS: LCDR. Virginia B. Montague

AREA CHAIRMEN: 256 from Maine to California

# AT 'EM ARIZONA

*"Once Arizona - Always Arizona"*

BROADSIDE JUNE 1960 HIT ?

## AGAIN - ARIZONA

We watch a television show in the evening, play with the kids before they go to bed. It really is hard to realize that we are in real danger. After all, we live in America. We couldn't be better off anywhere in the world.

Isn't that the way most of us have been thinking? Eighteen and one-half years ago "At 'Em Arizona" went to press and those involved had little, if any, idea that danger was so close at hand. Yet on December 7, 1941, "Remember Pearl Harbor" was a battle cry heard around the world.

Once again the "At 'Em Arizona" is going to press. Its purpose will be manifold, bringing information pertinent to present day events, progress reports on U.S.S. Arizona Memorial Foundation, and, of course, a look into the past. We trust that the "At 'Em Arizona" will cause a great revival of, "I am an American" and "Once Arizona - Always Arizona."

When World War II ended, people heaved a sigh of relief, believing the world safe for democracy forever. But, today, a name as common as most household names, "Khrushchev," rings a menacing note, and once again the Liberty Bell is tolling out its warning. We have begun to understand the threat from the outside, but that from the inside has been harder to recognize.

Benjamin Franklin warned of this possibility and stated, "That when people shall have become

The U.S.S. Arizona as it appeared before Pearl Harbor

## CURRENT EVENTS

The past month has been full of gratifying results. Some of these events ring the bell of enthusiasm.

The "At 'Em Arizona" news publication is now a reality. We hope you will like it. If you have any news bits of things

that happened on the Arizona during your tour of duty aboard her, send them to the Editor of the "At 'Em". Perhaps we can use it in future editions. We would also appreciate any pictures that you might have.

Tom Gooding has just completed a National tour of all State Capitols covering 18,889 miles and four and one half months of time. Governors presented Tom their State's Flag and in turn Tom gave each Governor a mounted model of the Battleship U.S.S. Arizona. Alaska and Hawaii have mailed in their flags. Three Territories, Guam, Virgin Islands and Puerto Rico, have also mailed in their flags. We of the Foundation say "Thank You, Governors." These flags will be used to form an "Avenue of Flags" at the landing where the Memorial is being constructed over the U.S.S. Arizona in Pearl Harbor, Hawaii.

The first Student Scholarship will be granted to a Student from Silliman University, Newark, Oriental, Philippine Islands.

It is planned to have the first Student enrolled in the University of Arizona by Fall Semester 1960.

**U.S.S. ARIZONA ON THE DAY OF INFAMY**

#### **B E F O R E**

Construction of the U.S.S. Arizona was authorized by Congress March 4, 1913. Signing of that bill was the first official act of Woodrow Wilson as President of the United States.

March 16, 1914 her keel was laid at Brooklyn Navy Yard and she was launched June 19, 1915.

The Arizona was commissioned on October 17, 1916, just six months before the United States entered World War One.

Sponsor of the 32,000-ton dreadnought was Miss Esther Ross, then of Prescott, Arizona (now Mrs. Arthur Wassell of Los Angeles.) She christened the Arizona before a crowd of 75,000, breaking two bottles over the ship's prow, one of champagne, the other of water from the Roosevelt Dam on Salt River, Arizona.

May 4, 1929, the Arizona entered the Norfolk Navy Yard for modernization. Her 14-inch guns were raised to give added range; the 3-inch anti-aircraft guns were replaced with 5-inch batteries. She received new boilers, side blisters and the old cage-mast gave way to new tripod masts.

It was a new Arizona that sailed for a Caribbean Cruise in 1931 with President Herbert Hoover on board. Upon her return she rejoined the Pacific Fleet and took her place as a mighty dreadnought in the most powerful Battle Fleet in the world. She served majestically in that capacity.

Though trapped in the sneak attack at Pearl Harbor and mortally wounded, she gallantly fought back. Today her hulk is the final resting place of 1,102 American fighting men.

#### **A F T E R**

Early that Sunday morning of December 7, 1941, the Japanese sneak attack on Battleship Row in Pearl Harbor left the U.S.S. Arizona mortally wounded, where she settled in the mud at her mooring berth.

All steel that was salvable was cut away to be used in construction of other ships and armament to fight back and answer that sneak act of our enemy.

The U.S.S. Arizona is the final resting place of 1,102 gallant American fighting men.

#### **More . . . AGAIN-ARIZONA**

so corrupt and unconcerned through excessive ease and soft living, there would evolve an unawareness of these dangers and that little value would be placed upon the founding principles of our country." This is dangerous. President Hoover also said, "Those who forget their past will have to relive it again some day".

We believe that as servicemen and former servicemen, we know what it is to come to mortal grips with the enemy. We do recognize the enemy and while there is yet time to do battle, let us carry the attack forward.

This is the challenge which faces ALL Americans today. To meet this challenge successfully, we must stand firmly by the principles upon which our country was founded. Muster around, ship-

### PSALM 121

#### A TRAVELER'S HYMN OF TRUST

1. I will lift up mine eyes unto the hills, from whence cometh my help.
2. My help cometh from the Lord, who made heaven and earth.
3. He will not suffer thy foot to be moved; he that keepeth thee will not slumber.
4. Behold, he that keepeth Israel shall neither slumber nor sleep.
5. The Lord is thy keeper; the Lord is thy shade upon the right hand.
6. The sun shall not smite thee by day, nor the moon by night.
7. The Lord shall preserve thee from all evil; he shall preserve thy soul.
8. The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore.

### AT 'EM ARIZONA

A monthly paper published by the U.S.S. Arizona Memorial Foundation, Inc., 915 North First Street, Phoenix, Arizona, to perpetuate the history and memory of the Historic Battleship Arizona and her gallant crew . . .

EXECUTIVE MANAGER: Arvid L. Veidmark

JUNE - 1960

**Admiral Arleigh A. Burke  
Chief of Naval Operations**

Arleigh A. Burke was born far from the sea in Boulder, Colorado. Upon graduation from the U.S. NAVAL Academy he was commissioned Ensign in the United States Navy. His first orders to duty was the U. S. S. Arizona, where he spent his first five years.

Throughout his professional career, Arleigh Burke prepared himself for combat with the enemy. He served in

Battleships, Cruisers, Destroyers and many other types of duty stations.

When World War II came, to his great disappointment, he was in a shore billet at the Naval Gun Factory, Washington, D. C. After persistent effort on his part, he was ordered to the South Pacific where, under Admiral Halsey, he successively commanded Destroyer Divisions 43 and 44, then Destroyer Squadrons 12 and 23. Because he pushed his destroyers just under boiler-busting speed, he became known as "31-knot Burke."

At the outbreak of the Korean Police Action, Admiral Forrest Sherman, then Chief of Naval Operations, ordered Admiral Burke to duty as Deputy Chief of Staff to Commander Naval Forces Far East. In July 1951 he was made a member of the United Nations Truce Delegation to negotiate with the Communists for a military armistice in Korea.

In January 1955 Admiral Burke assumed command of Destroyer Force, Atlantic Fleet, and in this capacity served until he succeeded Admiral Robert B. Carney as Chief of Naval Operations.

Here are a few of the "At 'Em Arizona" sailors who qualified and received Life Member Cards in the Foundation, showing the year and rate or rank held while serving in the Arizona. Each month additional names will be published.

- F. J. May, 3/c, 1921-27
- Horace W. Johnson, EM 2/c, 1923-27
- Howard J. Schuldt, GM 2/c, 1923-27
- Frederic D. Burman, WT 1/c, 1924-27
- Joseph J. Kersch, Sea. 1/c, 1936-39
- Daniel J. Condon, Lt. (jg), 1941-42
- Roy J. Etue, TC 1/c, 1931-38
- Paul F. Rozar, Cox. 1935-40
- George A. Dorfmeister, SF 1/c, 1939-40
- Arleigh A. Burke

By Mike Barnhart  
Lance Corporal U.S.M.C - Res.

"And in the beginning there was darkness." As in everything, there is a starting point, and the United States had hers. By a spirit of self-determination, called nationalism, America has grown up to be what she is today.

For the most part, the American college student has a false sense of security insofar as saying, "Leave it to the other guy." The student today is "the other guy."

Many students are afraid to voice an opinion. People today are too afraid of what the other guy will think.

If I were to take a survey of our country's schools and ask questions concerning government or international relations, and upon hearing some of the answers, you would probably ask yourself, "Is it wrong to think like an American?"

To some, nationalism is just another word tossed at them in a history class. It is not merely another word, though without it, America wouldn't be here today. Nationalism is reborn whenever our country reaches a crisis, when the rights and privileges of every American hang in the balance. Today they hang in the balance as never before, and there has never been a time in our history when there was a greater need for a revival of the spiritual concepts which have made America.

The student and all Americans must make up their minds whether or not they will stand up for what they believe, and show a genuine concern for their country's welfare. It is no longer possible to "Leave it to the other guy."

America has been lax in training personnel for better diplomatic relations. A recent best-seller illustrates this perfectly. A survey, taken by the U.S. State Department, disclosed some of the feelings of foreign exchange students about the American people. These students claimed that Americans have little knowledge about other countries and show less concern.

The U.S.S. ARIZONA MEMORIAL FOUNDATION, through its scholarship program, is making it possible to overcome this and offset the results of half-truths and misrepresentations.

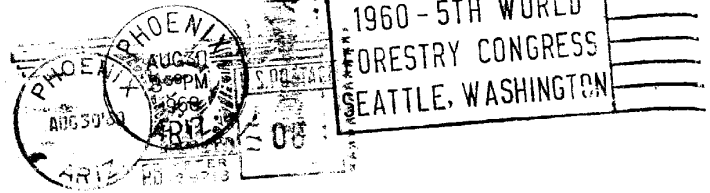

The students of today are the leaders and creators of the heritage of tomorrow.

- Olen C. Olsen, CEM, 1937-40
- William A. Watkins, TC, 1/c, 1931-38
