Mr. Dulles:

Ray Cline called to advise of the following arrangements for your talk at the Strategic Intelligence School Friday morning.

Major General Prather, Commandant of the School, says he met you in Bangkok when you were there last year. He is expecting you to arrive at 9:45 a.m. and is sending a Colonel Holbert over here to escort you to the School. General Prather plans to give you a cup of coffee and chat with you for a few minutes before your address at 10:00 a.m.

Ray mentioned that he understood General Schow would be there and also Admiral Martel from Admiral Frost's office and Colonel Taylor from General Lewis' office.

Ray will be available Friday morning in case you would like to have him go along with you.
