# ACTION MEMORANDUM

OFFICE OF THE DIRECTOR

Action Memorandum No. 133

Date 15 December 1962

TO : Deputy Director (Plans) - ACTION \*  
 : Deputy Director (Research) ( Info and assistance\*  
 : Deputy Director (Support) (

SUBJECT : Special Group

REFERENCE:

At the Special Group (CI) meeting on 13 December there was a general review of the counter-insurgency research and development program and a display of actual equipment.

The DCI requests that Agency representatives remain in close touch with the Department of Defense on this whole subject, particularly on the development of a mobile radio voice unit to meet the requirement of 30 miles range and 20 pounds limitation. The DCI wants to make sure that the full benefit of the Agency's considerable knowledge in this area be put to the best use.

The DCI requests a comparison of expenditures by CIA and DOD in the development of counter-insurgency equipment, exclusively those items which are uniquely defense projects such as landing craft and aircraft.
