MEMORANDUM FOR THE RECORD

Morning Meeting of 17 May 1967

DD/I passed on complimentary comments for the Agency from the Corning Glass representative at the 20 January Brookings briefing.

DD/I noted that he will host a luncheon next Tuesday for Leroy Lewis from U. S. Steel.

DD/I said that he complied with a request to the Director from Walt Rostow for an analysis of the reported Malley interview with Chinese leaders.

DD/I said that he has looked into the desirability of accepting an invitation from Syracuse University to give an address at a graduate school seminar in June and that his conclusion is negative. He will prepare a letter for the Director's signature.

Godfrey discussed the status of the AN-12's scheduled to transit China for North Vietnam. The Director cautioned against publishing hasty speculative analysis of the causes for delay.

Abbot Smith reported two requests for Estimates, one from DIA on Bolivia and another from State on the India-Pakistan arms question. He proposed to draw up realistic terms of reference for the latter. The Director agreed and suggested that ONE respond on a time schedule which will make the most sense.

DD/S said that the Air America Board of Directors had expressed appreciation for yesterday's hospitality.

Houston noted that he has received [redacted] approval for a letter of reply in the [redacted] case.
