General Cushman reported on last Friday's meeting of the NSC Verification Committee at San Clemente. He reported that Kissinger had asked many questions but made no effort to suppress footnotes prior to the submission of the Committee's report to the President.

Karamessines reported that he had called Army Secretary Beal last Friday in response to his offer to furnish the Agency with transcripts and documents connected with the Green Beret case. Mr. Beal said that no documents would be available pending the return of Secretary Resor to Washington. Mr. Beal raised the possibility of permitting Agency representatives to examine certain documents in the Pentagon.

Karamessines reported that he had participated in four meetings of the Washington Special Action Group over the weekend. He said that the Group will probably meet in San Clemente on 4 September.
