1 APR 1955

Lieutenant General H. A. Craig, USAF
Commandant, The National War College
Washington 25, D. C.

Dear General Craig:

In previous years the Central Intelligence Agency has derived great benefit through the attendance of three representatives at each class of the National War College. Although I have not as yet received notification of the number of spaces to be allocated to this Agency for the 1955-56 class, I am taking the liberty of nominating these highly qualified candidates.

- 1. [Redacted] GS-15
- 2. [Redacted] GS-15
- 3. John Warner GS-17
- 4. [Redacted] GS-15
- 5. [Redacted] GS-15

All five of these men have been cleared to receive information classified as Top Secret. They have been associated with the Central Intelligence Agency for periods of five years or longer; each has had college training and three hold advanced degrees. These men have been selected on the basis of superior performance in their past assignments, and I am confident that their attendance at the National War College will be beneficial to us both.

In terms of such quota as may finally be allocated us, I request that the candidates be considered for admittance in the order listed.

Sincerely,

OTR [Redacted] (15 Mar 55)
