Dear Roger:

I enclose a copy of a memorandum I am sending to the Secretary with regard to the Pentagon Briefings in connection with Radio Free Europe and the Crusade for Freedom. I understand that you have agreed to give the introductory remarks on October 20 and the Secretary on October 21.

This is a very important project in our over-all effort with respect to the European satellites and we greatly appreciate your help in getting these briefings off to a good start.

Sincerely yours,

SIGNED
