Mr. Nelson Rockefeller
Room 5600
30 Rockefeller Plaza
New York 20, N. Y.

Dear Nelson:

In General Smith's absence, Colonel Muller has advised me of your telephone conversation of January 13th in which you suggested establishing liaison between the Advisory Board for International Development and the Central Intelligence Agency.

This Agency is willing to assist your Board in any possible manner and I suggest that your Executive Secretary, Mr. French, on his next visit to Washington confer with Dr. Millikan to determine the extent of liaison desirable and the manner of effecting it. Dr. Millikan is Assistant Director for Research and Reports. His telephone is Executive 6115, extension 2817.

Very sincerely,

1- disp via ER 1/15/51

WILLIAM H. JACKSON
Acting Director of
Central Intelligence
