*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Chief, ICAPS

FROM : Advisor for Management, ICAPS

SUBJECT:

DATE: 15 January 1947

1. The attached paper is the best overall picture of what we are trying to do which I have yet seen. Except for the two changes recommended below I concur in it as written.

2. I do not understand the third sentence of paragraph 8. It is not clear as to whether it pertains to that portion of the paragraph which precedes it or is intended to open the new idea which follows. Suggest that this sentence be eliminated, and that paragraph 8 be divided into two parts.

3. I believe that paragraph 11 should open with a more positive statement somewhat as follows:

"It cannot be expected that the intelligence requirements of the several agencies for their own <sup>dept</sup> staff intelligence will produce the intelligence necessary for the preparation of strategic and national ~~and~~ policy intelligence."
