

MEMORANDUM FOR: [REDACTED]

From :

Subject : Your upcoming TDY

1. I really have nothing specific for you to take up in Washington. The general things which concern me I am sure concern you, also. I trust you will do what you can to alleviate some of the mindless [REDACTED] that shows in many of the communications we receive from Hqs. I trust, also, you will try to dispel some of the ignorance of the realities of our liaison relationship which seems to pervade even the desk and convince as many people as possible that they are not a hostile [REDACTED]. You might inquire into the rationale behind Hqs dictum of last fall that we not share operational expenses with [REDACTED] and point out that [REDACTED] was not paying out money to our assets, but simply reimbursing us for a share of the costs. I hope you can talk with other people in SE Division besides [REDACTED] and get a balanced view, good or bad, of how they ~~view~~ regard our efforts here. Say hello to [REDACTED] for me.
