MEMORANDUM FOR : [REDACTED]
Director/OD&E

FROM : John F. Blake
Deputy Director for Administration

SUBJECT : Visit to [REDACTED] 25X1A

Don:

1. Your invitations to members of this Directorate to visit [REDACTED] was most thoughtful and generous. Unfortunately, I was not able to join the group but the comments and expressions of gratitude (to say nothing of the amazement of the capability of the system) from those who did visit clearly indicate that you and your senior staff put on a most impressive evening and further, that you enjoyed having the Administrative group there.

2. On behalf of those who attended, permit me to formally thank you for the gracious offer and fine evening. The fact that you, Bert and other senior officers associated with the program took time to participate is a clear indication of the sincerity with which your invitations were offered.

3. Your gesture not only serves as concrete evidence of the extent to which there is cooperation among the major elements of the Agency but also, more parochially, recognizes the support provided by this Directorate to even the most sophisticated technical program.

/s/ Jack
