MEMORANDUM FOR: Mr. Robert L. Bannerman
Deputy Director for Support

SUBJECT: Organizational Survey

1. I am forwarding a copy of my report on the organization of the Agency and community together with a copy of a covering memorandum on the subject to the Director. Pending his final decision as to what action, if any, to take on the conclusions and recommendations of the report, he has asked to have its distribution severely limited. He would, however, appreciate any views which you or Jack Coffey choose to express on any part of it, particularly your comments on the following.

As regards the Agency:

- (a) Information handling and computer facilities.
(pages 25 - 26)
- (b) Training. (page 26)
- (c) Personnel. (page 27)

2. Apart from the Director and certain members of my staff who worked on portions of the report, the only people who have read it are Admiral Taylor and Colonel White. I suggest that you let me have your comments with a copy to Colonel White.
