MEMORANDUM FOR: Acting Deputy Director for Administration  
Deputy Director for Science and Technology  
Inspector General  
General Counsel  
Legislative Counsel

FROM: Director of Central Intelligence

SUBJECT: Responsiveness in Matters Pertaining to MKULTRA

1. I am aware of the herculean efforts put forth by individuals in your components in connection with the recent find of MKULTRA material. This awareness includes knowledge of extensive weekend hours as well as the great pressures upon your people during the first part of this week.

2. It would be unfair if I were to single out any individuals by name because over and above those that I personally worked with on this matter I know that other individuals have applied themselves with equal diligence. I would request therefore that addressees commend on my behalf those individuals they know were involved and express my sense of gratitude to them. From an organizational point of view I have in mind particularly the Information Privacy Staff and the Printing and Photography Division of DDA, as well as the Office of Technical Service of DDS&T. The other components are reflected by the addressees.
