MEMORANDUM FOR COLONEL LOVELL

SUBJECT: Document Conference in December.

1. During your absence Col McCormack requested that I give him direct a suggested list of participants and representatives who we wanted for such a conference. I have not complied with his request pending your return.

2. My own suggestions are: JICA, CBI, AC of S, G-2, China Theater; AC of S, G-2, Burma-Thada Theater; AC of S, G-2, Southwest Pacific; Naval Intelligence, POA; AC of S, G-2, USAFPOA; AC of S, Alaskan Defense Command.

3. The request should make clear that representatives attending should be able to speak for their theatres and be fully conversant with theatre procedures in their own areas. I would also suggest that the representatives bring along copies of current intelligence instructions and directives in effect in their own theatres of operation at the present, covering all phases in handling of documents.

4. I should urge that Fred Weyand be brought back for consultation as one of the representatives.
