MEMORANDUM FOR: The Deputy Director of Central Intelligence
FROM : Presidential Briefing Coordinator
SUBJECT : Possible Topics for 26 September Presidential Briefing

1. Attached are packages of backup material on three briefing topics which you may want to consider.

2. Cuban Foreign Policy. [redacted] of ORPA will prepare a sketch of a briefing by Thursday and, based on your comments on that, a full briefing on Tuesday. 25X1A

25X1A

3. Western Sahara. [redacted] NIO/Near East & South Asia, will prepare a sketch of a briefing by Thursday and, based on your comments on that, a full briefing by Wednesday. One of the problems of doing this is that [redacted] so 26 September may be a bit early for this briefing to capture the President's interest. 25X1A

[redacted]
I think the timing should not deter you if the substance is good.

25X1A
4. [redacted] NIO/Nuclear Proliferation, points out that this material may be the foundation for important policy decisions with respect to withdrawing forces from Korea. If you find it at all congenial we can try to develop this aspect of the briefing better.
