MEMORANDUM FOR: Chief, Programs Staff, OSA

SUBJECT : Additional Funding Requirement for  
Contract OCT-551

1. It is requested that additional funds in the amount of [redacted] be allocated to the [redacted] contract OCT-551. This is to procure spares, test equipment, and ground handling equipment to support three camera systems through calendar 1964. Many long lead-time items are involved which require purchasing now in order to be available during the latter half of 1964.

2. A total of [redacted] was budgeted and approved for this purpose in the FY-64 program. This figure was based on a 'best estimate' submitted by [redacted] without benefit of a detailed requirements computation. However, a spares provisioning conference was held 15-16 October 1963 at which time a detailed spares list was reviewed and modified with [redacted] representatives. This list now totals [redacted]. It is recommended that a total of [redacted] be obligated against the contract to cover this requirement and to provide a cushion of about [redacted] for contingency items.
