5. [redacted] LIAISON Delivered to Senator John Glenn (D., Ohio) a constituent's letter for his district office. I explained to the receptionist that the constituent had written a letter about why he was not being accepted for a job by the Agency. I further explained that the constituent's qualifications were not what the Agency was looking for. I asked her if she would relay this message to the district office and she said she would.

6. [redacted] LIAISON Accompanied [redacted] ORPA/NFAC, and [redacted] CSS/NFAC, to a briefing on People's Republic of China for John Carbaugh, of Senator Jesse Helms' (R., N.C.) staff. The briefing covered the current political climate, a fraction of the Soviet threat, Taiwan issues, and Sino-Soviet border problems. Mr. Carbaugh appreciated the in-depth approach to this subject by [redacted]. He said that he would be calling on us for a briefing on Soviet particle beams and other exotic weapons.

I also delivered to Mr. Carbaugh several documents to a follow-up his recent briefing on Soviet research in weather modifications.

7. [redacted] LIAISON Called Don Sarff, of Senator Howard Metzenbaum's (D., Ohio) staff, in response to his inquiry for a constituent which had been referred to us by the Air Force Liaison. The constituent, [redacted] Ohio, requested an "investigative report" concerning Francis Gary Powers. I advised Mr. Sarff that the Senate Foreign Relations and House Armed Services Committees held hearings on the subject. I also provided him with the dates of the hearings and the testimonies. Mr. Powers' book Overflight might be of help to the constituent. Mr. Sarff appreciated our oral response and no written one would be necessary.

- 25X1 18. [redacted] LIAISON Per the request of Marilyn Nelson, Congressional Research Service, Library of Congress, I sent to Cindy Ahwinona, in the office of Senator Mike Gravel (D., Alaska), the publication entitled "The International Energy Situation: Outlook to 1985."
- 25X1 19. [redacted] LIAISON Per her request, I sent to Linda Roscoe, in the office of Representative Robert S. Walker (R., Pa.), information concerning [redacted] and the possibility of a constituent being put on a mailing list to receive their publications.
- 25X1 20. [redacted] LIAISON Per her request, I sent to Suzanne Boisclair, OTA, the following publications: "The Soviet Economy in 1976-77 and Outlook for 1978" (two copies), and "Relating Climate Change to its Effects" (three copies).
- 25X1 21. [redacted] LIAISON Per his request, I sent to Emery Simon, Congressional Budget Office, the publication entitled "The Role of the LDCs in the US Balance of Payments."
- 25X1 22. [redacted] LIAISON Per his request, I sent to Richard Kay, on the staff of the House Banking, Finance and Urban Affairs Committee, the publication entitled "The Soviet Economy in 1976-77 and Outlook for 1978."
- 25X1 23. [redacted] LIAISON Saw Diane LaVoy, House Permanent Select Committee on Intelligence staff. Ms. LaVoy wished to know whether the NFAC publication entitled "Iran in the 1980s" is or is not an NFAC finished product and if not, exactly what is it. After checking with [redacted] NFAC/CSS, I informed Ms. LaVoy that the publication is indeed a finished document albeit a rather cumbersome one. Ms. LaVoy asked whether [redacted] was the NIO when the draft NIE on Iran was prepared. She also asked who is the present NIO. After checking with [redacted] I informed Ms. LaVoy that Mr. [redacted] was indeed the NIO and that Bob Ames is the current NIO. Ms. LaVoy also asked about the 15 November New York Times article. This article alleged that CIA had been asked to prepare a study on the impact of Moslem traditionalists on Near Eastern countries such as Turkey and Pakistan. According to the article the Agency reportedly said that no one could be found to make this study. Ms. LaVoy's questions were: (a) Was the request made of CIA?, (b) Who made the request, and (c) What action was taken. After checking with [redacted] I informed Ms. LaVoy that the article is completely inaccurate; that no such request was ever made.
