The prosecutors came up with one Dr. Sanya Lipvasky who had shared an apartment for a few months with Shcharansky during his bachelor days.

The residual problem is that if the Soviet Union "proves" — i.e., presents hard evidence that Lipavsky was in fact a CIA agent — (arter is labeled a liar That is uppleasant but liar. That is unpleasant, but not unendurable. What is truly damaging is the prospect that Soviet dissidents would stand to forfeit much of their sympathy outside Russia if one of their members was proved to be a U.S. agent.

Never mind the mitigating facts — almost certainly, Lir avsky was a double agent, in this case hired by the KGB to approach the CIA to forge a synthetic link expressly for the purpose of disclosing that link in publicly useful circumstances.

Almost lost in the excitement of Shcharansky are two o her Soviet Jews, that they are unemployed because, on applying to emigrate from the Soviet Union, they were promptly fired from their jobs. Abramovich thereupon made a frugal living by teaching Hebrew. He did this openly, paying all the relevant taxes. But he was nevertheployment inasmuch as Hebrew is 10t an "official language." How can anyone be employed teaching a non-existent language?
