26. (Internal Use Only - GMC) LIAISON Took a call from Kenneth DeGraffenreid, on the staff of the Morgan-Schmitt Senate Select Committee on Ethics Subcommittee, who gave me the name of another employee of the Subcommittee's stenographic reporting firm for whom a TS/SI clearance was requested. I told DeGraffenreid that I had been informed that it would be necessary for the Agency to review the investigative reports in these cases and that it would take some time to have these reports forwarded from their repository in Ohio and processed.

27. (Internal Use Only - GMC) LIAISON Received a call from Don Sanders, Special Counsel, Morgan-Schmitt Senate Select Committee on Ethics Subcommittee, who inquired as to the status of the draft Memorandum of Understanding between the DCI and the Subcommittee. I told Sanders that it was my understanding that he had discussed desired changes in the draft with Acting Chief, C&R Staff, and that we would be forwarding a revised draft to the Subcommittee. Sanders said that he would like to expedite matters and that if his desired changes had been accommodated we could save time by having the DCI sign the Memorandum of Understanding and then forwarding it for signature by Senators Robert B. Morgan (D., N. Car.) and Harrison H. Schmitt (R., N. Mex.). I told Sanders that I would try my best to move this matter along as quickly as possible.

28. (Unclassified - DFM) LIAISON Accompanied Richard Kaufman, General Counsel, Joint Economic Committee, to a meeting with Maurice Ernst, D/OER, regarding how the Agency might respond to the letter from Senator William Proxmire (D., Wis.) asking for statistics on the Agency's work on the Soviet economy. We reiterated the Agency's position that we could not supply budget and personnel figures. Mr. Ernst did offer to list the areas of speciality of Agency employees studying the Soviet economy. This was satisfactory to Kaufman. Kaufman agreed that we did not need to send full answers to Senator Proxmire in his capacity as a Member of the Senate Appropriations Committee as we did last year.

29. (Unclassified - DFM) LIAISON Took a call from Joyce Newton, in the office of Senator Orrin Hatch (R., Utah). Newton read me a letter from a constituent expressing concern about DDO personnel reductions. I explained the DCI's position and specifically denied the charge that politically hard line employees were being released in favor of those with more moderate political views. I also agreed to send her a paper which had previously been circulated to the press on this subject.

30.  LIAISON Talked several times during the day with Bill Miller, Staff Director, Senate Select Committee on Intelligence. He requested that Mr. Frank Carlucci drop by his office to discuss operational use of a former Agency employee who was on the staff of a U. S. Senator. This incident occurred in the early 1960s and the Senator was not made aware of contacts with the staff member. Miller also referred to a Washington Star article on a Soviet spy recently arrested in Iran and asked if this incident was connected with the arrest last year of two other Iranian officials as Soviet spies. Miller indicated Senator Daniel Moynihan (D., N. Y.) was very interested in the Edward J. Epstein book, Legend, and had requested that the Agency make a point by point response to the allegations. Miller also requested any damage assessments on the book. I discussed with Miller the request for a compartmented clearance for Hoyt Purvis, of Senator Robert Byrd's (D., W. Va.) staff. Miller agreed that we could retract compartmented clearances for another staff member already representing Senator Byrd in order that we might have only one representative of each Senator on the Select Committee with access to compartmented information.

32.  LIAISON Received a call from Ed Levine, Senate Select Committee on Intelligence staff, who asked me for the figure in the Agency's FY-1979 budget for a particular program. 12. (Unclassified - DFM) LIAISON Called Martha MacDonald, Senate Select Committee on Intelligence staff, and received from her the schedule of Committee hearings for next week.

✓ 13. (Unclassified - DFM) LIAISON Called Richard Kaufman, General Counsel, Joint Economic Committee, to discuss handling of Senator William Proxmire's (D., Wis.) request for information on the Agency's work on the Soviet economy. I explained to Kaufman that we would have to handle this as we did last year, meaning some information could be provided to the Joint Committee but some would have to be sent to Senator Proxmire as a Member of the Senate Appropriations Committee. Kaufman said he would be discussing this matter in his meeting next week with Maurice Ernst, D/OER, as this formula had not aided the Joint Committee very much last year. He hopes there will be a way to somehow quantify the Agency's work in this field without asking for personnel or budget figures. I said we would not be able to provide the latter figures to the Joint Committee but I hoped that some other formula might be worked out.

14. (Unclassified - DFM) LIAISON Called Pat Norton, Senate Select Committee on Intelligence staff, and reported that we had reviewed the transcripts of Agency testimony before the Joint Committee on Atomic Energy on [redacted] and we had no objection to it being shown to the Subcommittee on Energy and the Environment, House Committee on Interior and Insular Affairs.

Weiss indicated he was anxious to start as soon as possible and assured me he had clearances. I told him [redacted] of OLC, would be handling this and that I would have him call.
