Dear Dr. Page:

You will recall in January 1951, we constituted a Scientific Advisory Panel on Unidentified Flying Objects with Mrs. H. F. Robertson as Chairman, General Goodwin, Luis W. Alvarez, Lloyd V. Berkner, and yourself as members. After its deliberation, the Panel reached two conclusions and made two recommendations which were included as Tab A of the report. Very recently, the Air Force has requested that the conclusions of this report be declassified so that they may be used in the press. A copy of the report is enclosed herewith for your information.

I have discussed this matter with Dr. Robertson and Dr. Goodwin who agree that the conclusion contained in paragraph 2 and the recommendation contained in paragraph 4a can be declassified. But, they, as well as this Agency, will not agree to a declassification of the conclusion in paragraph 3 or the recommendation in paragraph 4b. It is our feeling that

and that the final six lines of paragraph 4 can stand as written.

I have queried the Air Force as to whether the names of the Panel members would be used. They have replied that names would be used only within official circles and would not be given to the press. But, as most information has a tendency at times to filter out, it should be recognized that, if approval is given for use of the names, they may well become common knowledge.
