Control of Foodstuff Prices

2. In order to lower the price of foodstuffs both in Peiping and Tientsin, the President's Field Headquarters in Peiping will extend a loan of CNC 6,000,000,000 to the food merchants of Peiping and Tientsin, to be used in the purchase of foodstuffs from outside these two cities.

3. On 30 September, the Social Affairs Bureau of the Tientsin Municipal Government called a meeting of Tientsin food merchants. At the meeting it was announced that this loan will have to be returned within six months and must be used only in the purchase of foodstuffs. Interest on the loan will be collected in accordance with Field Headquarters' regulations.

4. In early October another meeting is scheduled to take place, and Tientsin will send representatives to discuss further details pertaining to this loan.
