1. At a distance of two kilometers from Rzeszow (V74) inside the triangle formed by the localities of Slocina (V74) - Zalesie (V74) - Drabinianka (V74) there is an airfield (under grass) built by the Soviets. It has a w/t station with four masts and about fourteen wooden hangars. Some six twin-engined monoplanes, about twenty-five monoplane bombers and about fourteen PO-2s were observed on the field.
2. Training flights take place continually. The flyers are billeted in the Heller Barracks in ul. Lwowska and are driven to the airfield which is strictly guarded.
3. Around the field there are four AA artillery emplacements which are in the following places: six guns (crews of twelve men per gun) of unknown caliber in Przybyzowka (V64); four guns in Lisia Gora (V04) near P.Z.L. plants. There are frequent exercises in which planes participate.
4. A cavalry unit with a strength of approximately 1,200 men is billeted in the former barracks of the 20th Lancers Regiment in Rzeszow. There are about 350 trucks in the yard.
5. There is about one infantry regiment billeted in the former barracks of the 17th Infantry Regiment in ul. Langiewicza, Rzeszow. The Red Army occupies one half of the barracks, the other half being occupied by Polish troops.
6. A tank unit, with twelve tanks described as "heavy", is billeted in the Sobieski Barracks in Rzeszow; there are about 700 infantrymen in the Kilinski Barracks.
