The following information is from broadcasts from Ulan Bator of 20 April, 13 May, 6 June and 2 August respectively. Several of the broadcasts included the statement: "The other aimaks have not yet given any information." Occasionally reception of these broadcasts is interrupted by local power failure, and not every broadcast is reported by source. The following information, therefore, is not necessarily a complete summary of broadcasts on the subject. The Ulan Bator broadcasts have always avoided mention of the actual amounts of the quotas to be met.)
