OF THE PEOPLE'S FRONT

"The People's Front being a general national organization in our country is not of the nature of a bloc or coalition of various political parties, as in some other countries, which causes considerable difficulties there, but is a single limited organization with a single program, an organization which has recognized the leadership of the Communist Party." From a speech by Mosa Pijade at Rakovica, 25.5.47.

"The Communist Party has no other program. The program of the People's Front is also its program." Josip Broz-Tito, at the 2nd Congress of the People's Front at Belgrade, 27 Sept. 1947
