 - His first step was the installation of an information office in Bangkok, which will be followed by a public education office. Under the pretext of combating illiteracy in Southeast Asia, Kalinov will have Communist propaganda booklets distributed in backward areas in Southeast Asia in languages ranging from Arabic Malay to Mandarin Chinese. In his educational program, he teaches anti-capitalism, anti-imperialism, "hunger for territorial aggrandizement," how to sabotage, how to bring about general strikes, how to wage guerrilla warfare, and how to train cadres for all these purposes.
