The following instructions were given to the Santiago cells of the Communist Party of Chile (PCCh) for the week of 7 to 13 February 1949:

1. Submit a report concerning possible ways of organizing the women of the sectors for various types of work, particularly the collection of funds.
2. Continue the campaign, which was to close 15 February, to collect 500,000 pesos.
3. Study thoroughly the proceedings against Cardinal Mindszenty in Hungary, taking into account the following background:
 - a. Hungary does not belong to the United Nations because the capitalist countries would not admit it, so the protest made by President Gonzalez Videla is not valid.
 - b. Chile has a history of having indicted and deported priests and prelates who tried to intervene in politics. Executives, including former President Balmaceda, have made requests to the Vatican for designations and removals, and in 1938 Chile demanded the dismissal of Archbishop Campillo from his post in Santiago. A comrade of each cell should be assigned to study this matter in detail, and the cell should study his report as a matter of indoctrination.
 - c. Avoid discussion of this matter with possible allies, but lose no opportunity to bring the Chilean parallel to every one's attention.
4. Draw up as soon as possible a list of all Party members and sympathizers who are known to be government employees. This list is for the purpose of bringing to their attention the large number of persons involved in the reorganization proposed by the government which will endanger the jobs of Communists.
5. Keep informed of all mass meetings, such as those of the Frente Nacional Democratico, so that the secretariat may be advised of the location of the meetings, and so that each cell will know its proper place at the mass gatherings.
6. In the mass meetings, keep in mind the instructions previously issued concerning agitators. Attempt to fraternize with the Carabineros. Do not forget what Galo Gonzalez has said: "We must not lose a single man."
