1. The armaments factory at Uhersky Brod (P50/T29), which has up to the present been making rifles, machine guns, etc., has recently changed its production. What is presently being produced is not known, and strictest secrecy is being maintained by this factory. Several new buildings have been built and are camouflaged as dwelling houses.
2. The Czechoslovak army has recently built what is probably a group of store-houses for ammunition or high explosives in the forest between Psary (Q49/T92) and Sulice (O50/L86). This development covers an area of 2500 acres and the work is being done by local laborers. Two roads have been built to this area, one connecting with the Psary-Radlik (Jilove) road and the other one with the Sulice-Radlik road.
