SUPPLEMENT TO REPORT NO.

1. According to a Rumanian Army officer of field grade rank, there are at least 1,000 Soviet tanks in Rumania at the present time, of which 200 to 300 are stationed in the forested areas near Timisoara.
2. The Soviet Army has large dumps of military supplies in Northern Rumania. In some portions of Northern Rumania travel is forbidden (Rumanian military personnel are included in this prohibition), some of the railroad stations are guarded by Soviet troops and the inhabitants of villages along some railroad lines are evacuated when certain traffic movements occur. In the area near Herța sizeable forested areas are guarded by Soviet troops to prevent all entry into this zone.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
