SUBJECT Gasoline Supplies Placed Under Control of Rumanian Army; Shortage of Gasoline and Construction Materials in Rumania

PLACE ACQUIRED [Redacted]

DATE OF INFO. 25X1X 25X1A [Redacted]

Effective 5 June, all gasoline depots were placed under the control of the General Staff of the Rumanian Army.

A construction project of Sovromconstructii at Targoviste has been closed down because gasoline supplies at Targoviste were placed under military control and fuel for the trucks used on the project was refused.

An engineer employed on construction projects in Northern Rumania has stated that all such projects in that area have been halted because of shortages of construction material, gasoline, and transport facilities.

According to an official of the Rumanian State Railroads (CPR), rationing of gasoline will shortly be instituted in Rumania.
