SOURCE [REDACTED]

1. The Frankfurt/Oder (O 53/V 63)-Kuestrin (O 53/V 66) single-track line was completed by 2 September 1950 except for the bridge near the Karlsfelde block station. The bridge is under construction.
2. The progress of the construction of the bridge near the Karlsfelde block station was observed on 9 September 1950. The work is meeting with great difficulties since the piers cannot be firmly embedded in the very soft soil. This is said to be due to a flood in the district. According to source it will be a long time before the bridge is completed. *
