1. The Paisha Airfield\* covers an area 2,000 by 1,000 meters. It is equipped with one workshop and three buildings which serve as barracks and can accommodate 300 men; these buildings are all one story high. There are 12 anti-aircraft guns in the airfield vicinity. The runway is on the west side of the airfield and is 2,000 feet long. The surface is sheeted with iron and is incomplete. Since 10 September 200 laborers have been doing construction work at this field.
2. Buildings being erected on Kunming Airfield\*\* are locally rumored to be accommodations for Soviet personnel, who will maintain three squadrons of aircraft to be based there.
