SUPPLEMENT TO REPORT NO.

1. In Cacak there is a paper factory located near the Zapadna Morava river and about 100 meters from the Cacak railroad station. It has approximately 340 employees. It was known as the property of Pantic and Company before the war and at that time had 100 employees.
2. The factory has the following buildings:
 - (a) A one-story building, 10 meters by 50 meters. All paper manufacturing machinery is in this building.
 - (b) A one-story building, 30 meters by 15 meters, where the paper is cut and packed.
 - (c) Two repair shops, 10 meters by 15 meters.
 - (d) A two-story administration building, 20 meters by 15 meters, constructed in 1949.
 - (e) Workers' mess hall, 10 meters by 7 meters.
 - (f) An old warehouse.
 - (g) Two warehouses, constructed in 1949.
3. The technical manager is Engineer Envald, who is not a Communist. Rajko Miletic is the bookkeeper.
4. Production is 10 tons of paper every 24 hours. The paper mostly is used for newspapers and cardboard.
5. Source of power for the factory is a steam engine which operates one generator. It consumes approximately 30 tons of inferior quality coal each day.
6. Raw materials consist of cellulose imported from Czechoslovakia, old rags, and paper. It is alleged that the factory would be supplied with cellulose produced in Yugoslavia.

7. The factory has a railroad siding where empty freight cars are pulled along the track to the factory by four oxen.
8. According to a statement by Engineer Envald, the quality of paper is poor because of unreasonable requests for quantity production. He is also reported to have stated that all machinery is worn out and that the lack of spare parts is acute.
