The Central and South China Military and Administrative Committee is attempting to recruit 100,000 men. It recently ordered the Financial and Economic Commission in Canton to send a buying agent to Hong Kong to purchase 100,000 Italian-made woolen blankets weighing 3 3/4 pounds each and 200 pocket-size wireless sets. The blankets have been purchased at HK \$9.10 each and are stored in the Kowloon Godown. They will be transported to Canton either via Macao or Paoan. Negotiations concerning the wireless sets are still in progress.
